

Transitional Review Card

TRC-04-91 • ORIGINAL ISSUE 1991 • RETAINED FIELD REFERENCE

A small card instructing practitioners to record interim purpose, responsible office, expected return and next review date. It does not yet distinguish persistence from ordinary use.

PROVENANCE

Filed with the original Reference Series 4 circulation set; retained as a compact field-use companion.

WHY PRESERVED

Shows that interim purpose and review interval were recorded before later persistence terminology existed.
